## At Ken-Mac Metals we keep things simple

Aluminum & Stainless Steel Solutions for the Truck & Truck Trailer Industry

The truck and trailer industry powers America's highways, moving equipment and goods across hundreds of thousands of miles every single day. Ken-Mac Metals is right there with them—supplying the high-quality stainless and aluminum essential for manufacturing durable, high-performance trailers and components. Our materials help builders deliver first-class equipment that stands up to demanding environments and keeps fleets dominating the open road.

### Stainless Steel Products

Alloys:

201 201LN 301 304/304L  
316L

Finishes:

2B #4 Bright Annealed

### Aluminum Products

Alloys:

5052 3104 3003 6xxx
