

At Ken-Mac Metals we keep things simple

Aluminum & Stainless Steel Solutions for Food & Kitchen Equipment

At Ken-Mac Metals, we understand the unique demands of the food service and kitchen equipment industry, where quality, hygiene, and performance are critical. We supply a comprehensive range of aluminum, pre-painted aluminum, and stainless steel sheet, coil, and plate, carefully selected to meet the highest industry standards and support your manufacturing needs.

With extensive inventories, state-of-the-art processing capabilities, and a commitment to precision and consistency, Ken-Mac Metals delivers materials tailored to your exact specifications. Whether you manufacture commercial kitchen appliances, food preparation surfaces, or processing equipment, we are your trusted partner for quality metals that meet your production and performance requirements.
